Dear Allan,

The Lamplighters Children's Leukemia-Cancer Association wish to acknowledge with pride and delight your superb performance presented to "our children and their families" on the occasion of our Christmas Party and 15th Anniversary, held on the 16th of December 1990 at the Montreal Children's Hospital. Please find enclosed with this letter a copy of the program for that day and some souvenir photographs.

You brought joy and excitement to all present. If only for a short period, all were able to forget their problems related to their respective illnesses and revel in the pleasure. We thank you with all our hearts for sharing yourself and your talents with us.

Your contribution helped make the event a success. Best wishes to you for the New Year.

Sincerely,

Suzanne Hetu-Eng
